Dear Parent and Teachers:

Our main objective at the *York Area Taekwondo Academy* is to develop well-rounded students that take pride in how they conduct themselves within our school and outside of it, during their normal daily activities.

We teach our students the principles of “Black Belt” excellence through the promotion of “Tenets of Taekwondo”, which include courtesy, integrity, self-control, perseverance, and indomitable spirit. We use the term “Black Belt” as a metaphor for personal excellence. Not only do our students become Black Belts in the martial arts, but they should also strive to become “academic Black Belts” and eventually “employee Black Belts”.

In order to monitor our student’s progress towards these goals, we respectfully request that you complete the following evaluation:

1. This student is respectful, doing satisfactory work, and is being a positive example to their peers.

2. My child has been behaving in a respectful manner and has been cooperating at home.

If our student does not meet these requirements at school, home, or here in the *dojang*, we will withhold their promotion until there has been a satisfactory improvement.

Sincerely,
